

**PK DAS INSTITUTE OF SOCIAL SCIENCES, HEALTH SCIENCES AND
TECHNOLOGY DEEMED TO BE UNIVERSITY — DISTINCT CATEGORY**

(Under Section 3 of UGC Act 1956)
COIMBATORE, TAMILNADU, INDIA

“ Empowering minds with cutting-edge
technology and hands-on experience to build
the next generation of **aerospace leaders**. ”

Shaping the Future of Higher Education,
Aviation & Drone Technology

ABOUT DE DRONE WORLD SOLUTIONS PRIVATE LIMITED

De Drone World Solutions Private Limited is a leading DGCA-approved Remote Pilot Training Organisation (RPTO) committed to innovation in drone technology, education, research, and industrial UAV applications. We provide industry-integrated training, drone design and manufacturing, avionics, aerial surveying, precision agriculture, infrastructure inspection, and advanced drone solutions. With modern laboratories, expert faculty, and strong industry collaborations, we empower students and professionals with practical skills, technical excellence, and real-world experience to build successful careers in the aerospace and drone industry.

VISION

To advance the drone field through trusted training, practical innovation, and reliable aerial solutions that help industries work smarter, safer, and faster.

MISSION

To be the most collaborative and trusted team in drone industry and providing leading services and innovations to meet the needs of every customer.

ABOUT P.K.DAS DEEMED-TO-BE UNIVERSITY

P K Das Institute of Social Sciences, Health Sciences & Technology is a Deemed-to-Be University (UGC Act, 1956).

The University is committed to providing quality education and fostering academic excellence by integrating India's rich educational heritage with modern science and technology. It offers world-class education across Arts, Science, Technology, Heritage, Humanities, and Engineering. This is a vibrant learning environment. With a strong focus on innovation, interdisciplinary learning, and research excellence, the university is deeply invest in students to become globally competent professionals, ethical education, and foster linens capable of making meaningful contributions to society and the global community.

VISION

To become a multidisciplinary centre of excellence in higher education and research by combining India's rich educational heritage with cutting-edge science and technology while fostering ethical education, innovation, and global impact.

MISSION

- Integrate the Indian Knowledge System with modern science and technology through a multidisciplinary curriculum.
- Promote high-quality international research by supporting students and faculty.
- Provide advanced infrastructure for scientific research and technology.
- Continuously update academic programs with innovative, industry-relevant curricula.

B.TECH

AVIONICS & DRONE ENGINEERING

ENGINEER THE FUTURE. FLY BEYOND LIMITS.

ABOUT THE COURSE

- 4-year undergraduate programme in Avionics & Drone Engineering.
- Combines aircraft electronics with advanced drone technologies.
- Hands-on training in avionics systems, drone design & manufacturing.
- Learn flight control, embedded systems and navigation systems.
- Practical learning through modern laboratories and flight simulators.
- Industry-integrated projects for real-world experience.
- Builds strong technical skills, innovation and problem-solving abilities.
- Career opportunities in Aerospace, Defence, Drone Industry & Emerging Technologies.

COURSE HIGHLIGHTS

DESIGN AND MANUFACTURING

Learn to design, develop and manufacture advanced aerospace and drone systems.

AIRCRAFT AVIONICS SYSTEMS

Gain expertise in aircraft electronics, instrumentation and avionics integration.

FLIGHT CONTROL & EMBEDDED SYSTEMS

Develop intelligent flight controllers and embedded aerospace applications.

FLIGHT SIMULATION TRAINING

Practice aircraft and drone operations using professional flight simulators.

ARTIFICIAL INTELLIGENCE & AUTONOMOUS DRONES

Build AI-enabled autonomous aerial systems for next-generation applications.

NAVIGATION & COMMUNICATION TECHNOLOGIES

Master GPS, GNSS, telemetry and aviation communication systems.

SEMICONDUCTOR TECHNOLOGY

Understand semiconductor devices and their applications in aerospace electronics.

RESEARCH & INNOVATION

Work on real-world engineering projects, product development and innovation.

INDUSTRIAL INTERNSHIPS

Gain practical experience through internships and industry collaborations.

CAREER & PLACEMENT SUPPORT

Receive career guidance, professional mentoring and placement assistance.

“ Empowering minds with cutting-edge technology and hands-on experience to build the next generation of **aerospace leaders.** ”
